Project Details

Background

Our training primarily focuses on addressing the academic and administrative challenges, recent market conditions, and payment scams in international markets that this project aims to resolve.

Goals

The main goal of our training is to equip participants with the skills to safeguard their export consignments against scams, ensuring safe and secure exporting.

Objective and Scope

- Equip participants with practical skills to successfully navigate the export-import process.
- Provide insights into international market trends and regulatory requirements.

- Train participants to identify and connect with genuine buyers globally.
- Develop strategies to mitigate risks and protect against payment scams.
- Enable participants to start and grow their own export-import businesses effectively.

Certificate

We offer internationally recognized certification featuring a QR code and license number issued by Dubai (UAE), ensuring validity and acceptance worldwide.

Potential Obstacles

Navigating complex international regulations and compliance requirements, overcoming language barriers and cultural differences, and identifying reliable buyers and suppliers while avoiding scams. Additionally, managing logistics and shipping challenges across various regions and securing adequate financing and payment guarantees for international transactions are significant hurdles participants may face.
